is different than other foods. It is not a stimulant but a genuine food tonic which builds up the system of the fowls, helps them digest their regular feed and get more good out of it. It is not a whip that lashes your fowls to extra exertion at the expense of their health, but a constant and gentle every day help that does permanent good.

Costs about 1 cent a day for 24 hens.

FOR SALE AT GROCERS, FEED STORES, and general supply houses, but if you cannot get it at your dealers send us his name and address and 25 cents and we will send you, prepaid, a package that will last a dozen hens 6 weeks and our book on feeding. ORDINANCE NO. 195.

AN ORDINANCE AMENDING SECTION Seven of an ordinance entitled, "Ordinance No. 194. An Ordinance licensing and regulating the business traffic, vending, disposing and selling of spirituous, malt and fermented liquors and wines or any admixture thereof, in the County of San Mateo, State of California," passed and adopted on the 17th day of October, A. D. 1904, and to add a new section to said ordinance to be numbered Section 16½.

The Board of Supervisors of the County of San Mateo, State of California, do ordain as follows:

SECTION I.

Section Seven of the ordinance of the Board of Supervisors of the County of San Mateo, State of California, entitled, "Ordinance No. 194. An Ordinance licensing and regulating the business, traffic, vending, disposing and selling of spirituous, malt and fermented liquors and wines or any admixture thereof, in the County of San Mateo, State of California," passed and adopted the 17th day of October, 1904, is hereby amended to read as follows:

SECTION 7. No license required by any of the provisions of this ordinance shall be issued by the Tax Collector to any person, firm or corporation, or if so issued, shall be valid, for any purpose unless such person, persons, firm or corporation shall have been first granted a permit by the Board of Supervisors of said County of San Mateo, to obtain the license required by this ordinance and such permit must be in force and unrevoked at the time of issuing every license.

No permit to obtain the license required by any of the provisions of this ordinance shall be granted by the said Board of Supervisors, or if so granted by said Board of Supervisors shall be valid for any purpose unless the following conditions shall have been strictly complied with:

No person, persons, firm or corporation shall have issued to him or them, the license required by this section of said ordinance unless such person, persons, firm or corporation be of good moral character and first obtained permission as provided herein by making application in writing to the Board of Supervisors for permission to obtain the license therein required. The application in writing herein required shall contain and set forth:

First.—The name and residence of the person, persons and of each member of the firm and of each stockholder of the corporation making such application and the postoffice address to which the complaint hereinafter mentioned may be mailed and addressed, and how long each of said persons has been a resident of said county, and that said person or persons and each member of said firm and each stockholder of such corporation is a native born or naturalized citizen of the United States.

Second.—The particular place and building in which the business is to be carried on and the name of the owner of the premises.

Third.—That the applicant or applicants are the only person or persons in any manner interested in the business asked to be licensed and that no other person shall be in any way interested therein during the continuance of the permission. That said applicant has not, within six months prior thereto, been refused a permit by said Board of Supervisors nor has had any license revoked by said Board within said time. Said applicant shall also file with said application, a bond, in the penal sum of One Thousand ($1000) Dollars, payable to the said County of San Mateo, with two sureties, each of whom must be a resident and freeholder of said County of San Mateo, and neither of whom is an applicant for, nor a holder of any permit or license under this ordinance, and who shall otherwise qualify in the same manner as sureties are required to qualify under the provision of Section 1057 of the Code of Civil Procedure of the State of California, conditioned that the said applicant shall and will conduct the business for which the license is sought, in a quiet, orderly and reputable manner and shall not and will not permit any disturbance of the public order or decorum by any noisy, riotous or disorderly conduct on the premises, and shall not and will not sell, or give away or furnish, any spirituous, malt or fermented liquor or wine or any admixture of the same, to any intoxicated person, or to any minor under the age of eighteen years and shall not and will not permit any intoxicated person or minor under the age of eighteen years to be or remain in or about the room in which said business is conducted, and shall not and will not sell, or give away or furnish any spirituous, malt or fermented liquor or wine or any admixture thereof, between the hours of eleven (11) o'clock p. m. and the hour of five (5) o'clock of the following morning, (unless a "special permit and license" shall have first been duly and regularly issued to him as hereinafter in this ordinance provided), and shall and will obey and abide by all the laws and ordinances now in force or which may hereafter be enacted, regulating places of business where spirituous, malt or fermented liquor or wine or any admixture thereof, is sold, furnished or given away.

Fourth.—No order granting such permission shall be made by said Board of Supervisors until the second regular meeting of said Board after the application and bond mentioned in the third subdivision of this section have been filed.

SECTION II.

A new section is hereby added to said Ordinance No. 194, to be numbered "Section 16½."

Section 16½. No permit or license of any kind shall be issued by any person or persons which will authorize any person, persons, firm or corporation doing business under the provisions of this ordinance to keep open such place of business, or to sell, give away, or furnish any spirituous, or malt, or fermented liquor or wine, or any admixture thereof, between the hour of 11 o'clock P. M. of any night and the hour of five o'clock of the following morning; provided; that any member of the Board of Supervisors of the County of San Mateo, may in writing, signed by him, authorize the License Collector of said County to issue a special permit and license to any person, persons, firm or corporation doing business under this ordinance, and in the township of said county in which said Supervisor resides; to keep open such place of business, on the night in such written authorization mentioned, from the regular closing hour, viz: 11 o'clock P. M. to and until after 5 o'clock of the following morning; upon payment to said License Collector of the sum of three (3) dollars for each such "special permit and license", and the surrender to him, said license Collector of said written authorization; said moneys so collected by said License Collector to be accounted for by him as other moneys received for licenses, and such "special permit and license" shall be good only for the particular night in said written authorization and in said "special permit and license" therein mentioned; and it is hereby declared by the Board of Supervisors of the County of San Mateo, that, if evidence, to them satisfactory, be produced before them showing that any person, persons, firm or corporation to whom a license under this ordinance has been granted by said Board (unless the "special permit and license" hereinbefore in this ordinance provided and mentioned has been issued) has not closed his place of business for traffic in spirituous, malt, or fermented liquors, or wines, at the hour of 11 o'clock P. M. of any night, and has not extinguished all lights in and about said place of business at said hour of 11 o'clock P. M, and has not kept closed said place of business and kept extinguished all lights in and about said place of business until the hour of five o'clock of the following morning, the said Board will forthwith revoke any and all licenses theretofore issued by said Board to the person violating the above provision of this ordinance and will not grant to the person, persons, firm or corporation so failing to obey this ordinance in the above respect, any other or further license to engage in any business under this ordinance licensed; and each and every person, firm and corporation to whom a license is issued under this ordinance for any of the purposes the subject-matter of this ordinance by and by reason of his application for a license to engage in any business by this ordinance licensed, thereby agrees that he will close at the hour of 11 o'clock P. M. of each and every night, his place of business for the traffic in spirituous, malt and fermented liquors and wines; that he will keep said place of business closed until the hour of 5 o'clock of the following morning, and that he will extinguish, at the hour of 11 o'clock of each and every night, all lights in and about his said place of business, and will keep such lights extinguished until the hour of five o'clock of the following morning, and that any failure to close said place of business at the hour hereinbefore specified, and any failure to extinguish or to keep extinguished said lights as hereinbefore specified, shall be a sufficient ground for the revocation, by the said Board of Supervisors, of any and all licenses issued under the provisions of this ordinance.

SECTION III.

All ordinances or parts of ordinances in conflict with any of the provisions of this Ordinance, are hereby repealed.

SECTION IV.

This ordinance shall take effect and be in force from and after fifteen days after its passage.

Passed and adopted as an ordinance of the Board of Supervisors of the County of San Mateo, State of California, this 20th day of February, 1905, by the following vote:

Ayes, and in favor of the passage of said ordinance, Supervisors J. H. Coleman, J. Debenedetti, John MacBain, C. L. McCracken.

Noes, and against the passage of said ordinance, Supervisors J. Elkerenkotter.

Absent, Supervisors, None.

[SEAL] J. H. COLEMAN,
Chairman of said Board of Supervisors.
Attest: H. W. SCHABERG,
Clerk of said Board.

BAD STOMACH MAKES BAD BLOOD.

You can't make sweet butter in a foul churn. Every farmer's wife knows this. Your stomach churns and digests the food you eat, and if foul, torpid or out of order, your whole system suffers from blood poisoning. You will have foul breath, coated tongue, bad taste, poor appetite and a whole train of disagreeable symptoms. Dr. Pierce's Golden Medical Discovery, which is not a beverage composed of whisky or alcohol, being entirely free from intoxicants, is a great regulator and invigorator of the Stomach, Liver and Bowels.

"About a year ago I was ill with blood poisoning," writes Miss Eveline Louis, of 80 Walker Street, Buffalo, N. Y. "I had what seemed to be a small cold sore on my lip. It became very angry in appearance and began to spread until it nearly covered my face. I was a frightful sight and could not go outside the house because of my appearance. I used a blood medicine which did not give me any relief. Then I began to take your 'Golden Medical Discovery.' I was greatly benefited with the first bottle and after taking the second bottle was completely cured. The erysipelatous eruption disappeared and my blood was cleansed. My complexion is clear and fresh and I have felt better this year than I did for some time before. Dr. Pierce's Golden Medical Discovery is certainly a most remarkable medicine."

Don't accept a substitute for a medicine which performs such cures and which has a uniformly successful record of nearly forty years to its credit. It's an insult to your intelligence for a dealer to try by over-persuasion to palm off upon you in its stead some inferior article with no record to back it up. You know what you want; it is his business to meet that want.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at $1.50 per copy. Last year we gave away $30,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will **you** share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only, for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Constipation although a little ill, begets big ones if neglected. Dr. Pierce's Pellets cures constipation.

THE WILD BOAR.

Full of Courage and Cunning and Never Loses His Head.

The wild boar never loses his head—or his heart. Such courage I have never beheld in any four footed creature. He has all the cunning commonly accredited to his Satanic majesty and in his rage is a demon that will charge anything of any size. I have seen a small boar work his way through a pack of dogs and his smaller brother, the peccary, in Brazil, send a man up a tree and keep him there.

The boar looks ungainly, but the Indian species is as fleet as a horse for about three-quarters of a mile. He begins wth flight, shifts to cunning and finally stands to the fight with magnificent courage, facing any odds. As, riding upon him, you are about to plant your spear, he will dart—"jink," as they call it in Inda—to one side, repeating the performance several times, until he finds he cannot shake you, when, turning suddenly, with ears cocked and eyes glittering, he will charge furiously. If not squarely met with a well aimed and firmly held spear, he will upset horse and rider. Hurling himself again and again against the surrounding spears, he will keep up his charge until killed, when he dies without a groan.—Outing.

SHYLOCK

Shylock was the man who wanted a pound of human flesh. There are many Shylocks now, the convalescent, the consumptive, the sickly child, the pale young woman, all want human flesh and they can get it—take Scott's Emulsion.

Scott's Emulsion is flesh and blood, bone and muscle. It feeds the nerves, strengthens the digestive organs and they feed the whole body.

For nearly thirty years Scott's Emulsion has been the great giver of human flesh.

SAVE OLD NAMES.

A Plea for the Preservation of Early California Nomenclature.

ZOETH S. ELDREDGE in February Sunset.

An effort is being made to re-establish historical names of California that have been abandoned, or mutilated, or otherwise mistreated. The Federal Government is the offender in some instances and the Postoffice Department is being asked to redress the wrong done the State and restore the original names. It is a movement in which all Californians sympathize and in which all can take part. The people are awakening to the necessity of checking the evil, before the names, delightful to the ear and hallowed by religious and historical association, have quite disappeared. The work of destruction has been in progress a long time and is widespread, but its extent has not been realized. The historical student, for instance, might search the maps of the geological survey in vain for the Arroyo de San Jose Cupertino. It is hidden under the name of Stevens creek. The Arroyo de Buenas Aires masquerades under the name of Corral Hollow. The Arroyo de San Francisco, named by Portala, on whose banks he camped from November 6th to 11th, 1769, has become the San Francisquito creek. The list of geographical features whose names have been changed from the beautiful to the commonplace is a long one, but the names of towns have suffered the most. The exigency of the Postoffice has deprived many a town of the musical quality of its name and in some cases inflicted a still greater injury. At times this takes the form of removing from a name its qualifying prefix — decapitating it — so to speak. Thus San Fernando (Rey Espana) named for St. Ferdinand, king of Castile and Leon, becomes Fernando; Las Llagas, named by *Captain Rivera y Moncada, in 1772*, to commemorate the wounds (stigmata) of St. Francis, has been rechristened Llagas. At other times the names is cut asunder; San Saun Bautista has become San Juan, while San Juan, while San Juan Capistrano appears as Capistrano. Again, and this is the most common offense, names of two words are written as one, as per example, Paloalto, Elrio, for Palo Alto, El Rio. This mode of writing a name causes the accent to be misplaced, the name mispronounced, and, in time, entire loss of significance. Of this there are many instances.

But the greatest injury of all has been inflicted upon the town of San Buenaventura which has had its name changed to Ventura. To be sure, San Buenventura is a long name and has the same capital letters as San Bernardino, also in the Southern part of California, and a careless mailing clerk might throw a letter into the wrong pouch. But what of that? The people of the town love their name and reverence its associations. It bore the name for more than one hundred years, and before the mission was established, even before the expedition was organized, this name, which had been given by St. Francis himself to his able and successful coadjutor Giovanni de Fidenza, was selected for honor. When the expedition, ordered by the king for the purpose of occupying and fortifying the ports of San Diego and Monterey, was being organized in Lower California by Don Jose de Galvez, Visitador General of Spain, but sent for Junipero Serra. They decided to found a mission on the bay of San Diego, one on the bay of Monterey, and a third at some point to be selected between the two, to be named in honor of the "Doctor Serafico," San Buenaventura. The site was selected by Portala. On August 13, 1769, the expedition marched down the Santa Clara river to the sea; then proceeding up the coast they came, on the next day, to the first rancheria of the Santa Barbara channel, the largest Indian village yet seen in California, composed of well-built huts holding several families each, and situated on the banks of a beautiful stream which here flowed into the sea. The commander called the stream Rio de la Asuncion and the pueblo, La Asuncion de Nuestra Senora. It seemed to him and ideal placefor a mission, with its unfailing supply of good water, its fertile lands, and above all its large, gentle population. with its promise of abundant exercise for the zeal of the padres. Here then should the companion of their father St. Francis, be honored. It was not, however, until March 31, 1782, that Governor Neve, in the presence of a large force of soldiers under command of Jose Francisco de Ortego, found the mission of San Buenventura. The ceremonies were conducted by the venerable Padre Junipero Serra.

If the order of a Federal official can obliterate the ancient and honored name of San Buenaventura, how long will that of San Francisco be safe? The same is long and troublesome to eastern officials. They do not use it; and when the order is made, happy will the city be if its name merely suffers decapitation. Is it not more likely to be changed to that name so affected by commercial travelers and eastern people generally and so cordially disliked by San Franciscans? If Ventura, why not Frisco?

ESCAPED AN AWFUL FATE.

Mr. H. Haggins of Melbourne, Fla., writes, "My doctor told me I had Consumption and nothing could be done for me. I was given up to die. The offer of a free trial bottle of Dr. King's New Discovery for Consumption induced me to try it. Results were startling. I am now on the road to recovery and owe all to Dr. King's New Discovery. It surely saved my life." This great cure is guarhnteed for all throat and lung diseases by P. A. Ryan, druggists. Price 50c, and $1. Trial bottles free.

Turn not your back to others, especially in speaking; jog not the table or desk on which another reads or writes; lean not on any one.

BETTER THAN GOLD.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guarteed by P. A. Ryan, druggist, Redwood City.

Professor Herriam says the ichthyisauri existed on earth for 8,000,000 years. It is well to be scrupulously exact.

NEARLY FORFEITS HIS LIFE.

A runaway almost ending fatally, started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill. For four years it defied all doctors and all remedies. But Bucklen's Arnica Salve had no trouble to cure him. Equally good for Burns, Brdises, Skin Druptiods and Piles. 25c at Ryan's Drug Store, Redwood City.

"Cannon Wins in Caucus," states a contemporary's headline. Cannon will win anything if there be enough of them.

MYSTERIOUS CIRCUMSTANCE.

One was pale and sallow and the other fresh and rosy. Whence the difference? She who is blushing with health uses Dr. King's New Life Pills to maintain it. By gently arousing the lazy organs they compel good digestion and head off constipation. Try them. Only 25c, at P. A. Ryan's Drug Store, Redwood City.

ESTATE OF IRA G. HOITT.

An Interesting Olographic Will Is Filed For Probate.

Yesterday afternoon George C. Ross filed in the Superior Court for probate the last will and testament of the late Ira G. Hoitt. It is an olographic will and bears date of November 30th, 1900. By the terms of the instrument the widow, Julia B. Hoitt, is named as executrix, to serve without bonds.

To Ralph H. Hoitt, a son, is bequeathed the sum of $500 in cash, and a like amount is left to decedent's daughter, Gladys Hoitt. A life insurance policy issued by the Mutual Benefit Life Insurance Association of Newark, New Jersey, for $2000, is bequeathed in equal shares to the son and daughter. Mrs. R. S. Mathes of Durham, New Hampshire, is given a half interest in a life insurance policy issued by the Mutual Benefit Life Insurance Company of Newark, New Jersey, for $2000. The amount is left her to pay an old debt, long since outlawed. Mr. Mathes is also bequeathed another life insurance policy, issued in 1864 by the John Hancock Mutual Life Insurance Company of Boston, Mass., to cover a loan of $1000 that has become outlawed years ago. The rest and residue of the estate is bequeathed to Mrs. Hoitt, the widow, whom the decedent refers to in most affectionate and gentle terms, telling of the support she had given him at all times. By a codicil to the will made in November, 1903, the sum of $200 is left Mrs. Ralph Hoitt, deceased's daughter-in-law.

Besides the three life insurance policies the estate consists of a parcel of land in San Diego county valued at $50, and an undivided one-half interest in a piece of land in Placer county worth $500. The estate does not exceed $10,000 in value.

Petrocchi Convicted.

G. Petrocchi, the young Italian who on January 9th fired several shots at the saloon conducted by D. Cencio at South San Francisco, was tried before a jury in the Superior Court Tuesday and was found guilty of an assault with a deadly weapon. He was recommended to the mercy of the Court. He will receive his sentence to-day.

Petrocchi had a quarrel with Cencio in the latter's saloon, and made threats to get even. He went to L. Simi's place across the street, and securing a shotgun fired three shots at Cencio's door, shattering it somewhat. Three witnesses saw him fire the shots. The evidence in Petrocchi's behalf was weak.

Celebrates Seventy-Sixth Birthday

Mrs. Claude Fox and Mrs. William Bement spent yesterday at East Oakland, visiting Mr. Geo. Bement, father of Mrs. Fox and William Bement of this city, who had reached the seventy-sixth mile-post in life's journey. While Mr. Bement's health has not been the best for some time past, he is still able to handle the ribbons behind a spanking team and may be seen almost every pleasant day on the San Leandro road having a brush with some member of the younger generation who imagines he knows what horseflesh really is, and it has yet to be made a matter of record that Mr. Bement's roadsters passed under the wire in any position except first.

Will Rejuvenate No. 1.

Hose Company 1 which was for years the joy and pride of all the old settlers of Redwood City is to be infused with young blood. A meeting was held at the fire house last night and the new members were taken in. All who signed their names on the roster are enthusiastic and say they intend to make No. 1 the banner company of Redwood City.

DEATH OF MRS. STANFORD.

General Mourning Over the Demise Of the Philanthropist.

The news of the death of Mrs. Jane L. Stanford was received here with much genuine sorrow Wednesday. Mrs. Stanford had so long been a resident of this section, and her life was so closely linked to its development, that everyone felt as though her death were a personal loss. The work that the deceased lady has done for this community can hardly be realized now, but after years will designate her as one of the greatest benefactors of mankind. In her larger work of founding the great institution which will forever stand as a monument of her generosity, Mrs. Stanford is known the world over. But there are many little kindnesses which she has done which will never be known. Mrs. Stanford's work is one that can not be overestimated. She has placed the means in the hands of the poorest youth in the country to receive a fine practical education.

Mrs. Stanford has made her home at Palo Alto since 1875, and in the early days took much interest in Menlo Park. Her body will be brought home two weeks hence, when it will lie in state in the new church recently erected by her at the University. It is more than likely that many of the business houses will be closed on the day of the funeral.

SUNDAY SCHOOL INSTITUTE.

Program of Exercises To-day at the Congregational Church.

The San Mateo County Sunday School Institute, which will be held to-day in the Congregational church, promises to be one of unusual interest. Promises Big Crops.

The reclaimed marsh lands in front of San Mateo are promising big crops this year. The early sewed grain shows a more luxuriant growth than that of the uplands, while the late sown is sprouting well and with the ordinary spring showers will produce from two to four tons of hay to the acre. Tame grasses are rapidly killing out the salt grasses, which they will do entirely as soon as the ground gets seeded. There is a most remarkable grass, similar to rye grass, that thrives in either fresh or salt water, that grows abundantly and of which the stock is very fond. It is called "Donald grass" from the fact that Mr. Donald imported and scattered over the raw marsh years ago a few pounds of it from which it all originated. The reclamation of ten to fifteen thousand acres of land will make one of the greatest acquisitions to San Mateo county's values of recent years.

Dake-Wand.

E. D. Dake and Miss Frances Grace Wand of San Francisco were married Saturday afternoon last by the Rev. C. C. Kirtland, at the Congregational parsonage. The ceremony was witnessed by Miss Elsie Rooney and E. F. Wheaton, friends of the couple. The best man and bridesmaid arrived on an earlier train to secure a license, and at the Courthouse they were taken for the bridal couple and were congratulated. Mr. Wheaton, who is himself a joker, assumed all the dignity and air of a groom and left the halls of justice with the impression that he was seeking the clergyman whom the obliging Clerk directed him to at his own solicitation. Mr. Dake is head of the Dake Advertising Agency, one of the oldest houses in San Francisco. All join in wishing Mr. and Mrs. Dake a happy married life.

Sues to Quiet Title.

Frank W. Marvin has commenced suit in the Superior Court of this county against Thomas J. Clancey as administrator of the estate of Francis Stone, deceased, and formerly known as Frances Arguello and Julius J. Arguello et al to quiet title to lots numbered 18, 20, 22, Bellevue tract. Mrs. Stone died in Alameda in 1891, and shortly afterwards this property, owned jointly by the estate and Miss Arguello, was conveyed to C. H. Ahlers but by mutual error the deeds were made to read C. H. Ahlers. The property has since passed into the possession of plaintiff and he has made demands on the defendants to correct the mistake but they refused to do so. He brings the action to determine what interest they have in the property.

Not a Success.

There was a slimly attended mass meeting of loboring men held in the Alhambra on Wednesday night. A walking delegate of the Federation of Labor was present and put forward schemes of a federation of all the unions of the community. His suggestions were not very enthusiastically received.

AMENDMENTS TO GAME LAWS.

The Quail and Deer Are Becoming Alarmingly Scarce.

Some amendments to the present game laws are in a fair way to pass both houses of the Legislature and receive the sanction of the Governor. The amendment to the law submitted by the State Sportsman's Association, which was intended to prevent the sale of wild ducks at any season, was withdrawn owing to strong opposition against such a measure. This non-sale clause, so far as ducks are concerned, was so bitterly opposed by representatives of the Senate and Assembly that some of the Senators vowed openly that they would use their best efforts to kill all the amendments to the prevailing game laws unless the sale of quail as well as the sale of wild ducks in open market was allowed. Had not been for the far-reaching endeavors of the State Sportsman's Association to make a clean sweep by inserting a non-sale duck clause in the game bill, several excellent amendments to the present game laws would have doubtless passed through without opposition. Quail are becoming alarmingly scarce, and the law which prohibits their sale is approved by the game dealers and sportsmen alike.

According to a bill which has passed through the Senate and which may become a law, deer will enjoy a greater measure of protection by limiting the kill from three to two to any one person during the open season. This grand game animal is also showing evidence of scarcity outside of game preserves, and Senator Sanfords bill providing for the establishments and maintenance of game preserves in every county of the State in which deer may be found received the unanimous indorsement and approval of the Senate.

The bill provides that the boundaries of the preserves shall be decided on by the Boards of Supervisors of the several counties, and shall not be less than ten square miles nor more than 400 square miles in area. The object of the bill is to furnish a safe retreat for deer at all times of the year, and that by a reproduction of the species the game animals will propagate and spread throughout the country.

The amendment to the game laws which included the English snipe was opposed by the sportsmen of Sacramento, who contended that their best snipe shooting was always had during February and March. Rather than permit poachers an opportunity to kill the birds during their nesting season, the amendment was changed to read that English or Wilson snipe be protected from April 1 to October 15 of each year. If this amendment to the law goes through without further opposition, thousands of birds which are killed during the summer months will reproduce their species and in a few years hence the snipe will be of old, plentiful throughout the marshes and the mires which they frequent on their return from their breeding grounds in Sierra Valley, in Sierra county, and in the Big Meadows, in Plumas county.

Brief Filed.

On February 28th there was filed in the Supreme Court a brief containing 117 pages, in the Chatham-Mansfield election contest case, reciting all the facts in the case. George C. Ross, the attorney for Mr. Chatham, has thirty days in which to file a reply brief, and after that the defendant will be allowed ten days to answer, when the case will be finally submitted. It is believed that it will be one of the first suits taken up by the new Court of Appeals.

TOWN COUNCIL.

A Lively Discussion Over the Removal of an Electric Light.

A lively session of the Town Board was held Monday night. The first business of importance was brought up by a petition presented by L. P. Behrens, asking that an electric light which is to be erected in the Robinson subdivision, near the home of Trustee P. J. Foley, be brought nearer the county road. The petition was signed by nearly all of the residents of that section of town. Mr. Behrens contended that the light would benefit no one but Mr. Foley if it were placed in its proposed location, whereas if it were moved neaser the county road it would be of much practical use. Mr. Foley answered this by saying that the country would soon build up to the point of erection, when a light would be sorely needed. A heated discussion took place, which was ended by a motion of Mr. Foley's, seconded by Mr. Walker, that the pole be erected in the place decided on by the street committee. The motion was carried.

The next business was the matter of the removal permit of the Rogers saloon. A communication was received from Rogers asking the Board to reconsider their refusal to let him move his saloon from its present location to the building erected by John Hanley near the depot. A motion to reconsider was made by Foley and seconded by Luscher. Littlejohn and Walker voted against, and Foley, Luscher and Havey voted for the reconsideration. This action of the Board brought forth some very strong remarks from Mr. Littlejohn. The matter will probably come up next Monday night, when a vote will be taken as to whether or not Rogers can move.

Harvey Hickey appeared before the Board at this stage of the proceedings and asked that a restauranteur's license be granted him to serve liquid refreshments with meals. There being no local legislation covering such a license, the matter was referred to City Attorney Kincaid, who is to have an ordinance ready for the board meeting next Monday night. There being no further business, chairman Havey adjourned the meeting.

A Newspaper Bill.

Assemblyman R. H. Jury's bill providing that no official advertising may be published in a newspaper until it has been in existence for at least a year, was passed by the Assembly.

Marriage Licenses.

The following marriage licenses were issued from the Clerk's office this week:

Alderio Rosaia and Rosie Rossa, both of San Francisco.

Patrick P. Fitzpatrick of Palo Alto and Una A. McPhail of Oakland.

Edmund D. Dake and Frances Grace Wand, both of San Francisco.

Edmund Lynch and Maggie McLaughlin, both of San Francisco.

Moving Picture Entertainment.

Among the features at the moving picture entertainment in the Red Men's hall on Tuesday evening March 7th under the auspices of the Degree of Pocahontas will be realistic pictures depicting the Life of an American fireman in nine complete scenes. This is the most thrilling of any fire picture ever exhibited and is from the original negative made by Edison. The scenes run along as a story showing the dreaming fireman, the alarm, the men and apparatus going to and at the fire, two thrilling rescues and behooves every fireman as well as individuals to attend and see in life motion pictures a story from real life never before seen in Redwood City.

Majestic Theater.

"Mizpah" is the attraction for a testimonial week to Ella Wheeler Wilcox and Luscombe Searelle its co-authors to be offered for its fourth and last week at the Majestic Theatre commencing next Monday night. Its revival is due to the urgent demands that have been made upon Mr. H. W. Bishop, lessee and manager of the Majestic Theatre, by the patrons of the house who are desirous of evidencing to the joint authors of the beautiful poetical drama their appreciation of this masterpiece of the stage and as testimony of their regard for Ella Wheeler Wilcox and Luscombe Searelle. As has been known through the press "Mizpah" has gone under the control of Charles Frohman for the United States and Beerbohm Tree for Great Britain. Next week's production will be presented by the premiere cast and with all the elaborate scenic embellishment of the prior offerings. Next Wednesday afternoon Adele Block supported by a special cast will present for the first time here Ibsen's intense study "Rosmersholm" which is Minnie Maddern Fiske's favorite Ibsen play and in which the noted actress has scored such a success in New York. It will be staged by Frank MacVicars.

Business Men Will Probably Suspend Affairs on the day of Mrs. Stanford's Funeral.

Harry Morey is doing the concrete work for J. R. Doyle's new residence on Laurel avenue.

The Hopkins, McNeare, Coryells, Moores and Marcues have moved down from San Francisco for the summer. Others will follow next week.

Emery Elliot of San Francisco visited his uncle Grove Ayer this week. Young Elliot is a prominent mining man of the metropolis.

Joseph Grenzer left on Wednesday for his boyhood home in Germany. He will be gone for a year or more and will visit the different places of interest in Europe.

J. B. Kelly announces that a meeting of the picnic committee will be held next Sunday evening at 7:30 to discuss preliminaries for the annual Menlo outing.

M. Oliver, the young son of Manuel Oliver, was married at San Jose last Sunday to a fair young Portuguese maiden of sixteen summers. The groom resided here until a few years ago.

Mary S. Stanley, widow of the late Dr. Stanley, has sold one hundred acres of land to the west of Sacred Heart Convent to S. W. Britten. It has been subdivided in acre tracts and will be disposed of by Selby, Rodgers & Company.

Warren Clarke, who has lived several summers at the Donohoe place near the Catholic church, has commenced building a fine residence opposite the Las Lomitas school. Mr. Clarke is a nephew of E. W. Hopkins, and is president of the Williams, Dimond Co.

The Gaelic League has prepared a fine program for the St. Patrick's Day celebration. The main feature will be an oration by Father O'Neill of San Francisco. Other numbers include Irish reel and jig dancing, vocal and instrumental solos, recitations, etc. The celebration will be held in Duff & Doyle Hall. Tickets, 50 and 25 cents.

The Johnson estate has given the old Menlo Park gate to Menlo Parlor, N. S. G. W., and is undergoing repairs. At the top of the gate will be painted, "Preserved by Menlo Parlor, Native Sons of the Golden West." It was built in 1854 by McGlynn and Oliver. The Native Sons are deserving of credit for preserving the old landmark, which has stood the test of time for nearly half a century.

Henry Marcus, an expert mining engineer is here from Tonopah and Goldfield to spend a few days with his parents. He owns some good mining properties in those districts and expects to clean up a snug sum this summer. He says there is a great influx of people to the mines from all over the United States, and with the opening of spring there will be a big boom in all the camps.

A bullshead breakfast was given at Wm. Carduff's place last Sunday. About fifty guests were present, many coming from San Francisco. Genial Harry Morey and the urbane F. P. Roach were masters of ceremonies, and made it pleasant for all present. The cooking was under the direction of William Maloney, who demonstrated his ability in the culinary art. Will Casey was there with the clams, and after the luncheon the party enjoyed a ride around the bay in William Carnduff's launch.

The trial of the suit of Dr. Otto Dogge against the Fidelity and Casualty Co. of New York, for indemnity of $7357.14, has commenced at San Jose. The suit is the result of an accident that occurred here in July, 1902. The doctor was returning from San Francisco on one of the trains of the Southern Pacific Company, and when near the freight depot he was struck with a stone. He was partly paralyzed and was unable to stand on his feet until April, 1903. The company refuses to pay the sum, claiming that the doctor was faking.

The stork has been more than generous with his visits to local and former residents of late. Last Friday he left a thirteen-pound baby girl at the home of Mr. and Mrs. Thomas Harrington. On the following day a bouncing girl arrived at the home of Mr. and Mrs. William Warren, nee Lenehan, Portola, and this week a daughter came all the way from babyland to bless the home of Mr. and Mrs. Ralph Johnson in San Francisco. It is to be hoped that on the occasion of the stork's next visit he will bring some boys along.

Charles C. Anthony has tendered his resignation as manager of the Palo Alto, Menlo Park and Mayfield office of the Sunset Telephone Company and expects to give his entire attention to the business of Hemlick & Co., in which he is interested. The name of his successor has not been announced. George Huntington, recorder in the local office, has also resigned and has been succeeded by C. E. Jordan of Palo Alto. Miss Fannie Casey of Menlo Park has been promoted to the position of chief operator in the Palo Alto office.

T. J. Griffin has left for Mexico to take up journalistic work. Mr. Griffin's departure is much regretted in Menlo. To his efforts the present flourishing condition of the Gaelic League is mainly due; and it was reputation as an expounder of sacred scripture that induced a large number of young men to join the bible class recently formed in the Church of the Nativity. David Roche succeeds Mr. Griffin as teacher of the Senior Gaelic class and David Kirby fills the vacant bible history chair.

The business men of this place are discussing the matter of suspending business on the day of Mrs. Stanford's funeral, out of respect to the memory of this noble woman. It is to be earnestly hoped that every business place will be closed on that day as a mark of respect to the memory of one who has done so much for the State and for mankind in general. The great university to which she devoted her fortune has done much to build up this locality, and in future years there will cluster around it magnificent homes occupied by men and women of culture and refinement, whose influences will tend to raise a higher standard of morality and education in the generations that are to come. Mrs. Stanford was a noble woman whose deeds of kindness and unostentatious acts of charity endeared her to the people of California. Her memory will always be revered and her name written in letters of living light on the highest scroll of honor,

I was all run down from nervousness and overwork and had to resign my position and take a rest. I found that I was not gaining my strength and health as fast as I could wish, and as your Wine of Cardui was recommended as such a good medicine for the ills of our sex, I bought a bottle and began using it. I was satisfied with the results from the use of the first bottle, and took three more and then found I was restored to good health and strength and able to take up my work with renewed vigor. I consider it a fine tonic and excellent for worn-out, nervous condition, and am pleased to endorse it.

Hearts Attuned to Joy.

There is a lot of fun in the world if we keep our fun eyes open and our hearts attuned to joy. Did you ever note how your very soul lighted and buoyed by the mere mental turning of self to the gladsome side? Teach your thoughts to run in a channel bathed in the sunlight of good cheer. Dwell upon the flowers that grow beside the road rather than the dust upon the turnpike. Laughter and good cheer lighten many a burden and make the tedious way a ramble in a woodland path. Wake up to the delightfulness of the birds' sweet melodies. Sing as you travel on your way, and God's eternal morning will dawn upon you when life's tempestuous voyage will for you have ended.—Liberty (Tex.) Vindicator.

The Spell of the Theater.

The glamour of the stage! No one can define it or explain it; no one who has fallen under its spell can resist it. You see it at work in the great artist who, confident of success, already crowned with laurels, comes daily down to rehearsal with the zest and buoyancy of youth. Satiety does not touch him; a blase actor is an unheard of anomaly. A man may act for twenty, thirty, forty years, and if he is stricken with illness his one lament is that he can act no more.—George Alexander in Pelican.

Those Two Words.

THE BLACKSMITH.

His Profession Is Both an Art and a Handicraft.

There are few more attractive places for the average youth than the village blacksmith shop. Longfellow did not express the whole of it:

And children coming home from school
look in at the open door;
They love to see the flaming forge and
hear the bellows roar.

It has a far more valid reason for hypnotizing the boy than this. The greatest charm of the blacksmith shop, both for the young and for grown folk, lies in the fact that, while it is a place where handicraft rules, both hand and brain are required to produce the desired results. It is both an art and a handicraft, for art is either constructive or imitative, while a handicraft is either useful or decorative. The blacksmith must be skilled in them all.

As for horseshoeing, in its best sense it rises to the dignity of one of the learned professions, for no one can shoe a horse properly and not understand something about anatomy and physiology. Looking at it in this way—and there is no other right view to be taken of it—the calling of a blacksmith is one of dignity and honor.—Blacksmith and Wheelwright.

A Record Breaker.

Among the army of London carriage drivers is an Irishman noted for his native wit. It stood him in poor stead one day, however. Pat was engaged by a gentleman to drive to a hydropathic establishment.

On arrival at the gate the fare inquired, "What's your fare, driver?"

"Well, sir," said Pat, "the manest jintleman I ever drove here gave me 2 shillings."

"Is that so?" exclaimed the gentleman, who was a bit of a wag. "Well, here's a shilling for you, my man. I like the idea of breaking records."—London Globe.

To Prevent Rust.

A good mixture for use as a slush to prevent the rusting of machinery is made by dissolving an ounce of camphor in a pound of melted lard; skim off the impurities and add enough black lead to give the mixture an iron color. After cleaning the machinery carefully smear on the mixture. It can be left indefinitely, or if wiped off after twenty-four hours will prevent rust for some time. When removed, the metal should be polished with a soft cloth.—Blacksmith and Wheelwright.
